PROFESSIONAL SUMMARY

Third-year B.Tech Computer Science & Engineering student with hands-on experience across Java, Python, and JavaScript. Built and deployed three live full-stack/frontend projects, including a machine learning model for customer churn prediction using scikit-learn. Completed a data science internship applying Python-based data preprocessing and predictive modelling. Strong foundation in OOP, DSA, and full-stack web development; seeking an entry-level Software Development or Web Development role to build scalable, user-focused applications.

TECHNICAL SKILLS

Languages: Java, Python, JavaScript

Web Technologies: HTML, CSS, JavaScript, REST APIs (Learning), Responsive Design

Data & ML: Python, Pandas, Scikit-learn, Machine Learning, Data Preprocessing

Tools: Git, GitHub, VS Code

Core Concepts: OOP, Data Structures & Algorithms, Basic Full-Stack Web Development

PROJECTS

Customer Churn Prediction | Python, Pandas, Scikit-learn, Random Forest

- Built and trained a Random Forest classification model to predict customer churn from historical customer data.
- Applied data cleaning, feature preprocessing, and model evaluation to improve prediction accuracy.

Personal Expense Tracker | HTML, CSS, JavaScript

- Developed a responsive web application to track income and expenses through an intuitive user interface.
- Implemented dynamic UI updates using JavaScript for real-time balance and category tracking.

Weather App | HTML, CSS, JavaScript, OpenWeather API

- Built a responsive weather application that fetches and displays real-time weather data via a public API.
- Designed a clean, mobile-friendly interface for quick location-based weather lookups.

INTERNSHIP EXPERIENCE

Data Science Intern — Codec Technologies Pvt. Ltd. | 1 Month, AICTE & ICAC Approved (National Internship Portal)

- Performed data analysis and preprocessing on real-world datasets using Python and Pandas.
- Explored and applied foundational machine learning concepts as part of internship deliverables.

EDUCATION

Qualification	Institution	Duration
B.Tech — Computer Science & Engineering	Uttaranchal University, Dehradun	2024–2028 (3rd Yr)
Class XII (CBSE)	S.N. Memorial Public School, Uttarakhand	Passed 2024

CERTIFICATIONS

- Introduction to Front End Development — Certificate (Aug 2026, Cert Code: 10627278)
- GenAI Powered Data Analytics Job Simulation — Tata Group, via Forage (Jun 2026)
- Data Science Internship Certificate — Codec Technologies Pvt. Ltd., AICTE & ICAC Approved (Jun–Jul 2026)
